

August 19, 2005

Dear Stonelake residents,

BURROWS SECURITY FORCE will begin Private Patrol service of the Stonelake Community, effective October 1, 2005.

We are looking forward to working with all of the residents of Stonelake to create a safer, more secure environment. All Burrows Security Force officers assigned to Stonelake are licensed through the State of California, Bureau of Security and Investigative Services. Each officer assigned is thoroughly screened by the Department of Justice and the FBI prior to commencing service. In addition, officers go through extensive initial training as well as ongoing annual training.

Burrows Security Force has been in business since 1986 and provide services to many communities in Northern California. We maintain our Corporate office in Grass Valley and a branch office in Sacramento. You may contact our offices through our central Dispatch number of 888-273-4827.

You will be soon be seeing our dedicated, marked patrol vehicle, complete with light bar, patrolling your neighborhoods, and we encourage all residents to report any suspicious circumstances, incidents or security concerns to our officers. However, and this is extremely important; **REPORT ALL LIFE THREATENING INCIDENTS TO 911**. If you believe that the Burrow's officer can help facilitate the appropriate authorities you can call them second.

As part of our standard Private Patrol services, we will also be providing vacation watch services to your community. Please contact our Dispatch when you are planning to be away from home for more than two nights and we will arrange to have your home checked on a daily basis to ensure there is nothing visibly amiss while you are away. In addition, please be prepared to provide a name and number for contact in case of any emergencies, while you are away.

We are looking forward to serving the security needs of your Community.

Sincerely,

Barry G. Burrows  
President/CEO
